## RANCH

### 2009 CHARDONNAY SONOMA COAST

The grapes for the 2009 chardonnay were sourced from our neighbor's 40-year-old vineyard in the southeast corner of the Sonoma Coast Appellation north of San Pablo bay. In the unique location, our heritage selection of various chardonnay clones ripen to optimum balance, allowing full expression of flavor and character.

The grapes were hand-picked, and hand-sorted. The wine was crafted with the utmost care, to bring forth a traditionally styled Chardonnay that is crisp, lightly oaked, well balanced, pairs well with food, and is supremely enjoyable. Only 75 cases were produced.
